Authorized Distributor

Apple Software

Aperture 2

Aperture 2 gives photographers incredible tools to manage massive libraries, speed through photo edits, make essential image adjustments, and deliver photos online and in print using one simple, integrated workflow. Whether you shoot RAW or JPEG, Aperture lets you get the most out of your photography.

Mac OS X v10.5.4 Leopard Family Pack

Add a new Mac to your Mac. Mac OS X v10.5.4 Leopard is packed with over 300 new features, installs easily, and works with the software and accessories you already have. Choose a single-user licence for home or office. Or if you have more than one Mac at home, choose the five-user Family Pack.

iLife '08 & iLife '08 Family Pack

iLife '08, a major update to Apple's award-winning suite of digital lifestyle applications, delivers significant upgrades to iPhoto, iWeb, GarageBand and iDVD, plus a completely reinvented iMovie that offers a revolutionary new way to enjoy, edit and share your video.

iWork '08 & iWork '08 Family Pack

Apple's amazing productivity suite for the Mac, iWork '08 includes three applications: Pages '08 for word processing with an incredible sense of style; Numbers '08 for powerful, compelling spreadsheets made easy; and Keynote '08 for cinema-quality presentations for everyone.

Logic Express 8

Logic Express 8 delivers the power and streamlined interface of Logic Pro 8. Innovative production tools and over 100 instruments and effects from Logic Studio let you record, edit, and mix with unmatched quality, speed, and ease.

Logic Studio

Logic Studio delivers everything a musician needs to write, record, edit, mix, and perform in the studio and on the stage. With three applications, instruments, effects, and a massive sound library, Logic Studio puts powerful music creation and production tools in one comprehensive package.

Final Cut Express 4.0

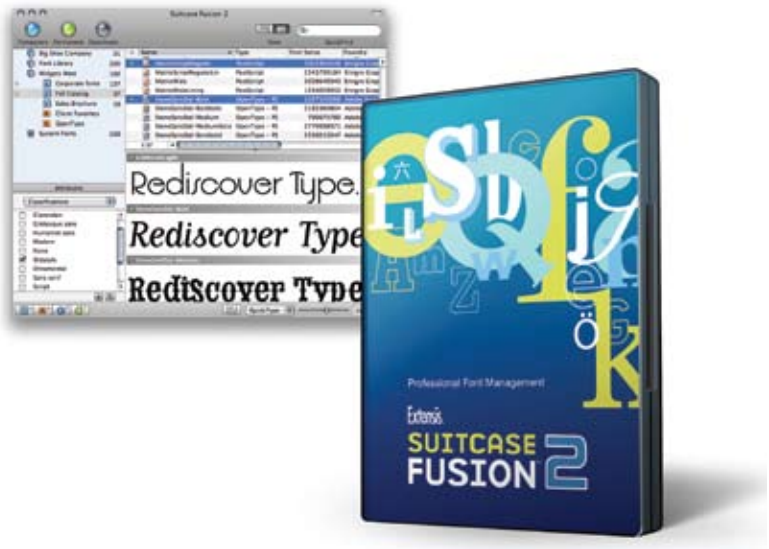
Now you can edit like a pro with Final Cut Express 4. Start by capturing DV, HDV and AVCHD footage or import your movie from iMovie '08 — and discover the advanced moviemaking power at your disposal in the new, Open Format Timeline. Ready for still more? Add dynamic titles and graphics using LiveType. Final Cut Express 4 delivers all the tools you need to make great movies.

Final Cut Studio 2

Final Cut Studio 2 is the must-have upgrade to Apple's award-winning video and audio production suite. With six powerful applications, each designed specifically for editors, Final Cut Studio 2 puts everything you need in a single box:

Suitcase Fusion 2

Extensis
a celartem company



Professional Font Management

Suitcase Fusion 2 is the creative professional's font manager, providing the control and precision you need to work confidently with fonts while eliminating conflicts and corruptions. Unlike basic font managers, Suitcase Fusion 2 centralizes fonts in a secure database and uses Font Sense™ to fingerprint and automatically activate the exact fonts used by your InDesign, Illustrator and QuarkXPress documents. It promotes a stable font environment, using advanced font corruption-checking and repair and easy-to-use system font management. Fast, interactive font previewing and metadata storing/searching help users easily organize, track and select the exact fonts they need.

- Work with fonts seamlessly in Adobe Illustrator/InDesign and QuarkXPress
- Exact font matching and professional auto-activation using patented Font Sense™ technology
- Eliminates font conflicts and corruptions for stable environment
- Fast, interactive previews let you compare fonts and glyphs side-by-side
- Optimized for PPC- and Intel-based Macs
- Native support for Mac OS X 10.5 (Leopard)

FileMaker

Meet Bento® 2

The new version of the wildly popular personal database from FileMaker® that's as easy to use as your Mac.

Now you can organize everything – from contacts and calendars, to emails and events, to files and photos – all in one place. For Mac OS X Leopard only.

The perfect complement to Excel and Numbers. – If you're managing lists in Microsoft Excel or iWork Numbers, you can easily bring them into Bento to view your information in beautiful Bento forms, get easy iTunes-style searching, instant sorting, quick summary stats, and much more!

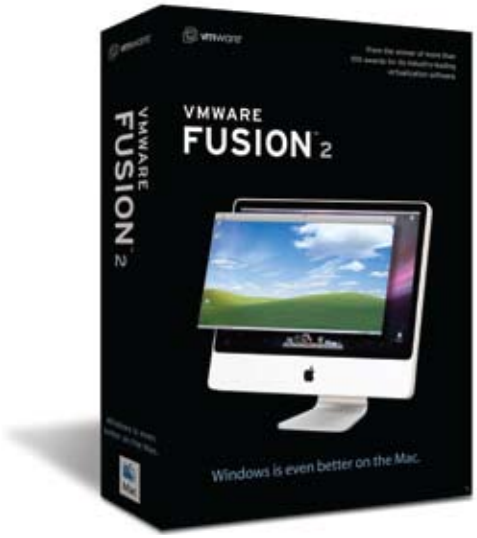
Get organized with style. – From contacts and calendars, to emails and events, to files and photos, you can organize just about every type of information you have – all in one place. Even if you're brand new to the Mac community or to databases, it's never been easier to get organized thanks to ready-to-use templates and elegant themes designed by Mac artists.

Highlights

- Organizes contacts, calendars, emails, events, files and photos - all in one place
- Links directly to Mac OS X Address Book, iCal, and Apple Mail
- Works with iPhone, iPod Touch and Mobile Me through Address Book and iCal
- Works seamlessly with Excel and Numbers

VMware® Fusion 2 – Available In Single User, or 5-User Packs

smithmicro software



Windows is even better on the Mac.

Who says you can't have it all? Seamlessly run your favorite Windows applications on the Mac with VMware Fusion. Instantly launch Windows applications from any Mac file, the Dock, and more. You can even bring your entire PC along, virtually, using VMware Converter. Windows really is better on the Mac.

- Install new Windows OS with Windows Easy Install
- Run Windows applications across multiple screens
- Use Windows-only USB devices on your Mac, including GPS receivers, cell phones, PDAs, and iSight® cameras
- Run 3D games, design software and other graphics-intensive apps with support for DirectX 9.0 Shader Model 2 3D hardware-accelerated graphics
- Winner of more than a dozen industry awards
- Includes a complimentary 12-month subscription to McAfee VirusScan Plus

System Requirements – Intel® Mac required.; Minimum 1 GB of RAM (2 GB RAM recommended).; 400 MB free disk space for VMware Fusion, and at least 5 GB for each virtual machine.; Mac OS X 10.4.11 or later.; Operating system installation media (disk or disk image) for virtual machines. Microsoft Windows (not included).

smithmicro software

Poser 7

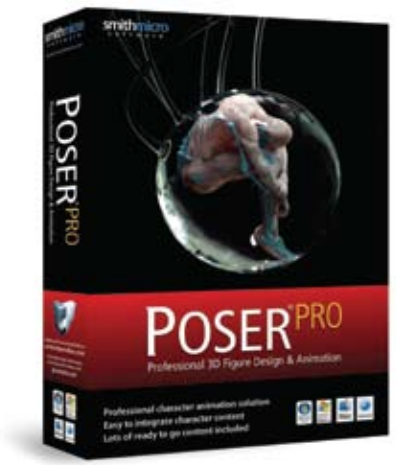
Complete 3D Figure Design and Animation

Harness the power of the human form with Poser 7. Design, pose and animate your figures in 3D. Create anything from photorealistic renderings to cartoon images, illustration to modern art, movies or web content.

Poser 7, the Premiere 3D Figure Design and Animation Software Brings Life to Any Digital Project with 3D Imagery and Animation. Poser is the standard for depicting the human form in 3D. Poser is used for figure design and animation by hobbyists professional graphic artists. Using Poser, digital artists can easily create traditional art, comics, education and training materials, film and television productions, game development projects, illustration and print media, product package design and Web and online media. Anything from Sci-Fi art to storyboards, illustrations to fantasy movies, artists can master the human form and 3D characters to bring "life" to art.

Poser® PRO

Professional 3D Figure Design & Animation!



Poser Pro, the 3D character animation and content solution for professional artists and production environments, offers integration of fully rigged, textured and animated Poser characters into 3ds Max, Maya and CINEMA 4D. With COLLADA import/export, create Poser content to use in production pipelines and graphics tools. Poser Pro offers 64-bit render engine and a Network Rendering Queue, to save design time and production resources. By providing access to a market of hundreds of ready to use, studio quality, pre-rigged and textured figures plus thousands of diverse props, Poser Pro is a critical tool for adding character content to any production project.

- Contextual Menu support
- Index archives for off-line searching
- Stuff with Automator™ workflows
- Multi-processor and multi-core enabled
- Command line tools for Mac OS X Terminal

System Requirements – Mac OS 10.4 or higher. Some features require Mac OS 10.5

Authorized Distributor

MacBook Air

Flat-out stunning.

From 0.4-1.94 cm (0.16-0.76 inches) thin and weighing only 1.36 kg (3.0 pounds), MacBook Air sets new standards for ultraportable computing — without the usual ultraportable compromises.

Mac mini

BYODKM

Mac mini makes it easy to upgrade from an older system or set it up side-by-side with another computer. Just BYODKM — bring your own display, keyboard, and mouse.

MacBook Pro

Authorized Distributor

Advanced NVIDIA graphics processors.

Get the most out of graphics-intensive applications like Aperture and Motion. The MacBook Pro features both the NVIDIA 9400M integrated graphics processor and a high-performance NVIDIA 9600M GT discrete graphics processor.

MacBook

Precision aluminum unibody enclosure.

Machined from a solid piece of aluminum, the new MacBook not only looks stunning, it's also thinner, lighter, greener, and more powerful than ever.

Authorized Distributor

iMac

Slim, all-in-one design.

Setting the highest standards for elegance and simplicity, the all-in-one iMac packs all its components — from processor to video camera — into an astoundingly thin, anodized aluminum frame.

Mac Pro

PCI Express 2.0, double the speed.

The PCI Express 2.0 graphics card slot delivers twice the transfer rate of the previous generation. And you can install up to three additional PCI Express cards in three full-length slots — one PCIe 2.0, the other two PCIe.

iPod shuffle

Instant attachment.

Clip on the world's most wearable music player and take up to 500 songs with you anywhere. Choose from two capacities and five colours — including four new hues — to make your musical fashion statement.

iPod nano

Curved ahead of the curve.

iPod nano now comes in eight vibrant colours and a new curved aluminum and glass design. The crisp, bright picture makes watching movies and TV shows amazing.

Authorized Distributor

iPod classic

Classic beauty.

Beautiful, durable, and sleek, iPod classic features an anodized aluminum and polished stainless steel enclosure with rounded edges. Choose quintessential silver or striking new black.

iPod touch

Sleek new design.

With a contoured, polished stainless steel design, iPod touch feels even better in your hand. The 3.5-inch widescreen display is perfect for watching movies and playing games.

BELKIN

Case

iPod sold separately

Remix Acrylic case for the iPod Touch

Slip your iPod right into your pocket, without the added bulk, with this sleek, sturdy plastic case. The case also provides full access to ports and navigation.

Belkin offers a full assortment of high quality cases and armbands for iPods to meet all your needs, like the Sportsband Plus for the iPod Nano (pictured above)

The ultra-comfortable Sport Armband Plus is hand-washable using breathable and water wicking material. It gives you full protection, easy access to your iPod, and minimizes bulk on your arm during those rigorous workouts.

And the included Cable Capsule is designed to manage and store your earphones.

Protection

BELKIN

Mini Surge Protector with USB Charger

Hotel rooms and airport terminals never seem to have enough power outlets to charge all the devices today's traveler brings along. Now you can add outlets and peace of mind on business trips and vacations with the Belkin Mini Surge Protector.

This new design features three AC outlets and two powered USB outlets - perfect for MP3 players and mobile phones.

Belkin also offers a wide array of products and accessories for the iPod, such as the TuneCast® Auto with ClearScan that works with the iPod or the iPhone (pictured above).

TuneCast Auto lets you listen to your iPhone or iPod in the car, while it charges. Cut through the static with ClearScan. Avoid the frustration of manually finding a clear FM station. ClearScan technology quickly scans and finds the best FM frequency–all with one push of a button.

Authorized Distributor

iPod nano Armband

Available in grey, the all-new iPod nano Armband is the perfect iPod nano companion for a jog or a workout at the gym.

Apple Dock Connector to USB Cable

Use the Dock Connector to USB Cable to charge and sync your iPhone or iPod with your Mac or Windows PC.

Apple USB Power Adapter

Use this compact, convenient USB-based adapter to charge your iPhone or iPod at home, on the road, or whenever it's not connected to a computer.

Apple USB Power Adapter

Use this ultracompact and convenient USB-based adapter to charge your iPhone or iPod at home, on the road, or whenever it's not connected to a computer.

Apple iPod Earphones

Sleeker than previous models, these Apple iPod Earphones fit comfortably in your ears and sound great — whether you're listening at your desk, on the treadmill, in your backyard hammock, or wherever you enjoy your iPod.

Apple Universal Dock

The Apple Universal Dock offers easy access to a USB port for charging and syncing your iPod or iPhone or for connecting to a TV or speakers. It includes the Apple Remote for easy control from across the room.

Time Capsule - 1 TB

Back up a lifetime's worth of memories with the all-new Time Capsule, a wireless hard drive that works seamlessly with Time Machine in Mac OS X Leopard. It's also a full-featured 802.11n Wi-Fi base station. Choose from 500GB and 1TB models.

Apple Wireless Mighty Mouse

Now you can get the world-famous Mighty Mouse without the tail. With its Bluetooth technology, the wireless Mighty Mouse gives you complete freedom of movement with no cable clutter. It features the popular Scroll Ball that lets you move anywhere inside a document, without lifting a finger. And its laser tracking technology allows it to work on more surfaces with greater precision.

Apple Wireless Keyboard

Ultra-thin and completely cable-free, the compact Apple Wireless Keyboard uses Bluetooth technology to connect with your Mac.

Apple Keyboard

The completely redesigned Apple Keyboard features an elegant, ultra-thin anodized aluminum enclosure, low-profile keys, and two USB 2.0 ports.

Authorized Distributor

Apple TV

With a huge selection of on-demand HD movies — and one-click access to all your music and photos — Apple TV turns your widescreen TV into a digital entertainment hub.

AppleCare Protection Plan - iPod touch or iPod classic

Get the most from your iPod for two years from its original purchase date with the award-winning AppleCare Protection Plan. You get telephone technical support from our experts for questions about using your iPod, and you get global repair coverage — both parts and labour — on your iPod, its battery, and included accessories.

AppleCare Help Desk Support

AppleCare Help Desk Support provides two designated contacts one year of unlimited support incidents for software installation, launch, and use; hardware and software diagnosis and trouble shooting; and issue isolation for Apple-based solutions.

AppleCare Help Desk Tools (Set of CDs)

AppleCare Help Desk Tools provides a single user with a library of Mac OS installation and hardware diagnostic discs that is updated quarterly for a full year.

AppleCare Pro Video Support (annual contract)

The AppleCare Professional Video Support gives you direct access to Apple's Professional Video Technical Support team via telephone and email 12 hours a day, seven days a week.

Mac OS X Software Support Select

Mac OS X Server Software Support - Select provides ten enterprise-level support incidents for Mac OS X Server and other Mac OS X based client-server technologies. The plan provides support 12 hours a day, seven days a week, with as fast as a four hour response during normal business hours. Unused incidents expire after one year.

AppleCare Service Part Kit Xserve RAID (750GB)

To minimize downtime, Apple offers an AppleCare Service Parts Kits for Xserve RAID, which includes a RAID controller module, a cooling module, a power supply, and a 750GB Apple Drive Module.

AppleCare Service Parts Kits for Xserve

To minimize downtime, Apple offers an AppleCare Service Parts Kits for Xserve, which includes a power supply, a fan array, and a main logic board.

AppleCare Service Parts Kit for Xserve RAID (500GB)

To minimize downtime, Apple offers an AppleCare Service Parts Kits for Xserve RAID, which includes a RAID controller module, a cooling module, a power supply, a cable, and a 500GB Apple Drive Module.

EATON Powerware

Powerware 3105

Uninterruptible Power System

In a perfect world, your incoming utility power would be smooth, steady, and completely reliable. In the real world, however, utility power is plagued with sags, surges, and outages.

The risks are everywhere! Lightning strikes, storms, and over demand can knock out your power without warning.

You don't have to take that kind of disruption any longer. Effective protection is here at very attractive price!

All New. All Mac.

Introducing Targus for Mac accessories.

Developed with insight from our 25 years of understanding mobile user needs, combined with up-to-the minute enlightenment about Mac enthusiasts' deepest desires, we created Targus for Mac to bring you thoughtful solutions that complement and enhance your Mac experience.

Click, present, cool, connect. So many options to choose from. All offer sleek sophistication plus unique features and innovative technologies. Featuring the first-ever Mac-dedicated presenter, and delivering popular touch-sensor technology, the Targus for Mac line brings Mac-dedicated form and functionality to life. Innovative technology like 4-way touch scroll delivers smooth moves when mousing or presenting and dual programmable buttons let you express your style with customized settings. Very Mac. Very now.

TomTom GO 730

TomTom Brand Story.

The TomTom GO 730's award-winning software means ground-breaking new technology for the ultimate driving experience. Switch on and go right out of the box. Just enter the address on the touchscreen or use voice address entry and start driving anywhere in the US and Canada.

The GO 730 guides you door-to-door with turn-by-turn spoken instructions, including street names. TomTom has the most accurate maps and with TomTom Map Share™ technology you can instantly modify street names, street direction, road speeds, turn restrictions, and POIs on your own device. New IQ Routes™ gives you the fastest route every time by using actual average speeds of travel to calculate your trip rather than posted speed limits. Advanced Lane Guidance indicators bring even more visual clarity to complex multi-lane exits so you can be even more confident on the road.

The GO 730 makes driving even safer with Bluetooth® handsfree calling. And with the "Help Me!" menu, there are added safety features so you can easily access local emergency providers. The TomTom GO 730 is the ultimate car navigator.

TomTom XL 330

TomTom Brand Story.

TomTom's award-winning software means easy navigation from A to B. Switch on and go right out of the box. Just enter the address on the touchscreen and start driving anywhere in the US or Canada. TomTom guides you door-to-door with turn-by-turn spoken instructions. An extra-wide touchscreen helps you find your way, worry-free.

TomTom has the most accurate maps and with TomTom Map Share™ technology you can instantly modify street names, street direction, road speeds, turn restrictions, and POIs on your own device. The XL 330 is preloaded with millions of points of interest to enhance your traveling experience. And with the "Help Me!" menu, there are added safety features so you can easily access local emergency providers. The TomTom XL 330 is traffic-ready, so you can outsmart the traffic, wherever you go. Go confidently.
